Clubhouse keys

Members are reminded that a key for the Clubhouse can be obtained from Club Secretary, Ruth Brown, on payment of a deposit of £10.

Where's the Commodore?

In Laredo, Northern Spain, for the European 49er Championship, where he is acting as the 49er Class Association Course Representative on the Committee Boat.

Any body interested?

Hi there. I am hoping to participate in the Solo Nationals at your club in August but am rather put off by the cost of accommodation.

Since we have a large family house in the holiday resort of Bournemouth it has occurred to me that a member of your club, who has accommodation close to the club, might fancy a house swap for that week. If you think there is any chance of pursuing the idea, I would be happy to forward further details of the house.

Training

Saturday Training has really taken off. To allow more people to be trained, a second Instructor will be employed. This will allow more people to be out on the water. To cater for the younger people wishing to join the scheme, the Club have arranged the loan of six Optimists from Rydal Penrhos School.

This is a gentle reminder for those people who are taking part in the Club Training programme. Once your first season of training is completed the Club hope that you will seriously consider purchasing a boat of your own. The Club boats have been bought for those newcomers to the sport to give sailing a try out before committing themselves to buying a boat.

Unfortunately Club finances will not stretch to the purchase of a fleet of boats for general club use.

Finally, those of you who have progressed through the intermediate course should now begin racing. It is the quickest way to learn the rules and also how to make your boat go faster!

Solo National Championships

As you walk into the Bar you will see a request for members to sign up for this event. Help is required on the water, on shore, in the kitchen and behind the bar.

The Championship runs for one week from Saturday 16th August till Friday 22nd.

Please sign up to help, ideally for the whole week but if you cannot do that then a day or evenings will be welcome.

We are getting there!

The Club has at last caught up with the IT revolution! A laptop has been purchased for processing race results and Phil Northam has kindly donated a printer. Thanks Phil!
