Friday 7th May @ 8.00 pm

Cheaper than the usual cheap booze for the first hour only!

TRAINING

The training sessions start on Saturday 8th. May
There has been an excellent response to the meeting held in March and the interest has resulted in a number of new memberships.

Wednesday Night Sailing

Re-started on Wednesday 28th April, at least that is what it says in the programme, however with a strong northerly pushing up the surf, racing did not take place.

NOTE TO ALL BAR STAFF!

Can we ask that the weekly Barman restocks the fridges and shelves and wipes down the surrounding area?

There is usually a slack 10 minutes in the busy life of the Llandudno Sailing Club bar staff! So please assist us in this request.

Thanks in anticipation.

Also can everyone make sure that the 'cellar keys' that also house the 'pool table' keys be put back on the hook, behind the bar, after use.

If they are too freely available we may as well make all the pool games free!

LLANDUDNO FLIES THE FLAG!

Ross Moreton and Ben Cobley have been selected to represent Wales in the RYA Twiname event being held in Rutland on 8th/9th May. Teams from around the British Isles will be represented at Rutland with big fleets in all classes.

With only six Optimists from Wales allowed to go Llandudno has two of those sailors in the team! We wish them well.

SATURDAY 22nd. MAY

Llandudno will be hosting the second event out of five of the Club Youth Racing Circuit on Sat. 22nd. May.

This event gives the North Wales junior sailors a chance to enter a days racing organised by different clubs along this coast. Racing will be for Optimists, Toppers, Laser Radials and handicap.

Three races are scheduled with a prizegiving at the end of the day. Up to 30 competitors are expected and Llandudno always gives a good show- last year the event rounded off with a display by the Red Arrows! Plenty of help will be needed both on and off the water.
