From the Sailing Captain

Room in the dinghy park is at a premium. There are several road trailers without boats. Would the owners please remove them from the dinghy park or put them under their boats. The Sailing Committee are seriously looking at charging a boat parking rent for any trailers that are left there without a boat on them.

Something different!

On Saturday 11th September there was a major transport problem between Rhos and LLSC.

Arrangements were made to move a 420 from Rydal/Penrhos dinghy park to the Club. Unfortunately, there was no way of transporting the mast on the trailer, other than to leave the mast up!

The journey commenced along Rhos prom, passing safely under the first telephone wire. Progress was good until Glan-y-Mor Road came into view and of course telephone wires crossing the road like a spiders web. Unhitching the boat, moving onto the pavement and by using other devious means to get the mast below the wires, progress was made. This included creating a major traffic jam, a diversion through Penrhyn Beach, and at the top of Penrhyn Hill, parking on double white lines!

The driver and his assistant wish to remain anonymous!
