Website

Have you looked at the Club website recently?
If not, why not?
Probably the best club website in the UK now,
thanks to Gus Lees

Congratulations

Both Alex Lomas and Chris Williams gained their RYA Dinghy Instructors and Race Instructors qualification with a Coastal endorsement.

Both spent a week at a residential instruction and assessment centre at Plas Menai and were coached by Nick Wymer head of sailing at Plas Menai. He also contributed to the RYA instructor's syllabus and so Chris and Alex benefited from a first class course.

In addition to the success that Alex and Chris had, Brian Holding and Lucinda Williams also recently attended Plas Menai and successfully gained their Power Boat level 2 certificates in preparation for the new training sessions at the club.

Lucinda is the only female member of Llandudno SC to have attained a Power Boat level 2 certificate.

Championships

It's that time of year again when, as Championship Secretary, I have to ask for your help. The first event is the **GP14 North Wales Championship**. This is over the weekend of 17th and 18th June. We are expecting in excess of 30 boats and therefore require quite a bit of help. Please sign up to say you are available. A duty roster will be prepared once we know how many helpers we have.

A disco has been booked for the Saturday night of this event, so come along and enjoy yourself.

Requests for barmen and galley staff will be made separately.

Racing

The racing programme suffered when the 2nd and 3rd Sundays of the season were blown off. However, things are looking up now with an improvement in the weather, the start of Wednesday evening sailing and Saturday training.

Get your boat out; Get on the water!

Dates! Dates! Dates!

Conference Centre

The Commodore and Secretary recently had a meeting with the site manager of the new Conference Centre and Exhibition Hall.

The builders are on schedule and the scaffolding on Irving Rd should be down before the end of May. It has also been agreed that the road will be re-instated as will the front car park, both areas having suffered damage during the construction phase.

The contractor will also supply replacement gates, which have also suffered damage and clean the side of the Clubhouse facing Irving Road.

Launching Trolleys

The Promenade Inspector has asked that launching trolleys should not be parked in front of the notices at the top of the slipway.

All sailing members should place their launching trolleys on the top of the shingle and bottom of the steps so that they do not cause an obstruction for members of the public wishing to check on times of high water, etc.

The Sailing Committee ask for your co-operation in this matter
