### Working Parties

**Working parties will be organised in the New Year. See Januaries N&V for dates and jobs!**

### Junior Committee

**This is now up and running and will be making its first report to the December Management Committee.**

### Litter

Now that the road and the front of the club have been improved the Management Committee are asking members to keep the place clear of litter. There is a 'litter picker' (don't know what else to call it) and black bags, in the under stairs cupboard. Members are free to use this when they volunteer their services for this job. Any time you are twiddling your thumbs on a Sunday morning is a good time to volunteer.

### Redevelopment

By the time you read this, our bid to the Big Lottery will have reached Cardiff. Preparing the bid has taken a lot of time and energy by the small Redevelopment Committee. This committee has met every Saturday at 10.30 am since the beginning of October and spent on average 3 to 4 hours putting the bid together.

Shortly, Ruth will be asking you what skills you have and how much time you could devote to assisting with the development. Part of our bid requires an input from the members. So far it has been calculated that if the redevelopment committee had been paid, the bill would be round £20,000!

The plans you see on the display panels are more or less what we expect the final building to look like.

Over the last few weeks, several members have made suggestions to committee members and in many cases these have been taken onboard and included in the current design.

### Thanks!

From Tony Lockett to all those Personal Members of the RYA who cast their votes for him in the recent election to RYA Council. Tony was successful and will now sit on the Council for the next three years.

### Lucy and Ruby!

**Anyone seen them around?**
