RYA Council

Personal members of the RYA will shortly be receiving the ballot papers for electing 3 Personal Members to RYA Council. There are 4 candidates.

When you receive your ballot papers along with the Notice of the AGM, I ask you to use one vote only in favour of myself.

I am standing for what will be my last stint on any RYA Committee where, hopefully, I can use my experience of the last two Olympic Games to ensure that 2012 is the best Olympic Regatta ever.

Please vote for Tony Lockett!

Club Redevelopment

Things are moving along at a slow but steady pace.

The Development Committee are now taking into account all the comments received after the Consultation Day and will then produce a set of plans based on those comments.

These will then be go to the Quantity Surveyor to produce a final cost.

Once this estimate has been done then applications for funding will be made as soon as possible. Once adequate funding has been received the Committee have agreed that a start date for construction would be Sept 1st. This could be 2007, maybe 2008, probably 2009. That's how long it may take to obtain sufficient funds!

Meanwhile patience and a lot of hard work by a small group will see the job completed!

Saturday 16th September

A very big thank you to all who contributed to a very successful day. The Consultation on the redevelopment was well attended; The Trainees Regatta was a success and the view from the Clubhouse added to the visitors overall impressions of a very successful club; the BBQ was a very enjoyable event and finally the Party at night rounded off a very successful day. Thanks to everyone.

Southport

We were 47th out of 65 in this years Southport 24 hour race. Next year the plan is to take two boats. Boat 1 is to be the serious contender with a crew of 6-8. These crews will be selected over the season on results in double-handed boats.

Boat 2 will be for all other members, giving them an experience of racing through the night.

Forty-one members travelled to support and sail and we can claim to have the best and noisiest supporters at the event!

Thanks from everyone to Andy McNamara for the original suggestion and for carrying it through.
