Saturday 7 th May	Line Dancing

**Every Saturday – Building Working Party!!
BE THERE!!**

Launching Party

Despite delaying the start of the season on the water the Launching Party will still take place on Saturday 2nd April as advertised above. It is a very, very expensive night out!! The cost? A piece of cheese!! Come a long and psyche out the opposition before their hulls get wet. Talk all about your new 'go fast gear' (or your old 'go slow' gear), whichever. More importantly, the old hands in the club are able to welcome the new members and give them a bit of advice.

Come along and enjoy good company!

Friday Night is Juniors Night

This commences on Friday 29th April. All participants should make every effort to be at the club by 17.30. This will allow plenty of time to get boats ready and launched for a good sailing session. This is also an opportunity to bring along any sailing gear that sailors have outgrown and sell on to other club members.

Important – Sailing Programme amendments

The Sailing Committee agreed to delay the start of the Sailing Season until Easter, 24th April (Easter Sunday) to allow work to be concentrated on the Club extension.

The powerboat courses planned for 16th and 23rd April will continue as planned.

The programme has had to be modified slightly, but only in the number of races in each series.

The modified programme is on the website.

Gus Lees, Sailing Captain

Training Sign Up day

Saturday 26th March saw a clubhouse full of sailors signing up for their training courses. Many were members who started their courses last year and were eager to continue improving their sailing skills. In addition several new Full Family memberships were enrolled. Prior to this Gareth had a successful meeting with his team of Instructors who contributed to the event by showing some of the new members the boats they will be using.

PB2 & Safety Boat

The PB2 and Safety Boat courses are now full.

Beetle & Bingo

This event was a rip roaring success! Already there are demands for another night which will possibly be held towards the end of the season once the Friday Night Junior Club sailing terminates. Some excited youngsters (and oldsters) won some prizes and enjoyed a really good evenings companionship. Don't miss the next one.

Ideas!!

If anyone has new ideas for social events and is willing to organise them, then please put your ideas forward.

**Keep it simple; keep it cheap; give plenty of advanced notice so that it may be advertised;
Then book it in the club diary**

Building Progress

Things are moving quickly now on the building site. The week of the 28th April will see the roof going on and more concreting, then the following week we will be installing the windows and doors. All efforts now are on getting the extension finished before the Albacore Nationals in the first weekend in July. Although there should not be any need for big working parties going forward, we will be working on the extension every Saturday at 1000 for a few hours, so please come along if you are free.

**IT'S YOUR CLUB!!
Help build it now!!**

Inspired thinking

'Nothing can stop the man with the right mental attitude from achieving his goal'

US President Thomas Jefferson (1743 – 1826)
