Club House Redevelopment

Now that the second refurbishment has more or less been completed and the club is back to operating normally once more, things are beginning to move on the redevelopment front.

Drawings are being prepared for a balcony on the front of the club, a new main entrance and staircase with a Stanner lift, and a unisex disabled toilet upstairs.

Once the QS has given a price for this, then we will know what our fund-raising target will be.

Watch this space!

Room Hire Prices

The Management Committee have now fixed the rates for the hire of the club.

It is an ideal venue for family parties.

Prices can be had on application to Mike Knowles (540616) or Ruth Brown (549900)

Mirror Repairs

Our thanks to Stan Ellis once more for the magnificent job he has done repairing one of the club Mirrors holed in a training session last summer.

Many thanks Stan.

House Manager

After my successful appeal for a Kitchen Manager! Thanks again, Jo! I am appealing now for a House Manager- the club is looking better than ever and is in very good order- so the job of House Manager would not be too daunting.

Basically it would involve someone checking the 'to-be-done' list on the notice board (which anyone can fill in if they see a job that needs doing) and either tackling any small jobs themselves or asking a more qualified person to help.

You do not need to be on the Management Committee .
I live in hope!

Ruth

News & Views Circulation

All copies of News and Views are circulated by email and placed on the club website. For those without internet connection, 20 paper copies are placed in the clubhouse.

If you have not been receiving N&V by email and wish to do so, please contact either Ruth or Tony using the email addresses at the top of the page

Clubhouse and Boat Equipment Maintenance

All members are asked to report any items that require attention by making a note of these on the two notices on the board at the top of the stairs.

By doing this problems can be identified and rectified.
